Other

- Creek

Description

This is an absolutely wonderful property with mature trees , creeks, steep slopes, pastures and sloping terrain. This will make a wonderful private estate or an awesome subdivision. Public water is available but no sewer at this time . No public plans to have sewer available but certainly could be septic tank Community Investigation reveals just under 100 homes might be able to be built with septic tank lots and compliance to R-R1 zoning. This area off Highway 418 is gorgeous and offers the most beautiful sunsets, wildlife and peaceful living while only being 15 minutes from I-385 or Simpsonville shopping. You will feel like you are 20 miles away when you are on the property though.
