## Style

- Traditional

## Description

This beautiful coastal home doesn't require views of swaying palms (even though it has them) the gentle waves of aquas and hints of blue throughout, hit the mark. This interior design makes a connection to the surrounding surf with coastal colors and schemes borrowed from the bright and breezy seascape. Detailed in comfort with plenty of windows covered in plantation shutters and a spacious layout; this 2-story beauty is perfect. On the lower-level the living area flows freely into the foyer, kitchen with granite counters, plenty of cabinetry, dining area, and wet bar. The hardwood flooring adds warmth and texture to these living areas. Two bedrooms with their own baths are on the lower-level along with a large screened in porch overlooking the ocean. The upper-level hosts living area, 2 bedrooms, and baths tucked away for privacy. Enjoy the access to a screened porch and sun deck for oceanfront views and sea breezes. There is an attached private guest home hosting a bedroom, bath, and kitchen for family and friends visiting. A wonderful way to add comfort and hospitality to the home. There is an elevator that stops on each floor. There are many more amenities to explored in this divine paradise. This home hints at coastal vibes in an elegant way channeling both the sea and low country charm. Don't miss out.
