Description

Welcome to 10 Yeoman Street in Greenville, SC—a completely renovated 3-bedroom, 2 full bath brick ranch located on a quiet cul-de-sac street. This move-in ready home is in an excellent location just minutes from Greenville Memorial Hospital (Prisma Health) and downtown Greenville parks, shopping, and restaurants, making it ideal for families, first-time homebuyers, retirees, or medical professionals. In 2024, the home underwent a full renovation including a new roof with all new sheathing underneath, new vinyl soffits and fascia, new gutters, and new vinyl windows. Inside, the updates continue with a new water heater, all new kitchen appliances, new lower kitchen cabinets with soft-close doors, and new leathered granite kitchen countertops. The upper kitchen cabinet doors have been replaced, and additional lower cabinets were added when the washer and dryer were relocated to a separate utility room off the carport, creating a bigger and more efficient kitchen space. New LVP flooring runs throughout the home, and all walls have been sanded and painted Sherwin-Williams Greek Villa, with the bathrooms painted white. Ceilings have been smoothed and painted, and lighting has been replaced throughout the house. The main bathroom features a new tiled shower, tiled floor, and new vanity, while the guest bathroom includes a new tiled shower floor, tub surround, and vanity. A new privacy fence encloses the backyard, creating a great space for relaxation or play. The covered patio is perfect for entertaining friends or just relaxing and enjoying the tranquility of the backyard. This home is truly low-maintenance with everything already done, and furnishings can be purchased separately if interested providing a turnkey investment. Don't miss this rare opportunity to own a fully updated home in a convenient and quiet neighborhood close to downtown Greenville. If precise dimensions are crucial to your decision, we recommend measuring for verification. Please verify the accuracy of any and all information to include but not limited to square footage, schools, acreage, etc.
