Description

Modern Elegance Meets Peaceful Countryside Living - Welcome to a truly exceptional home where modern elegance blends seamlessly with the tranquility of the countryside. Located within the highly sought-after Powdersville school zone, this custom built home offers not only impeccable design but also convenience to shopping, dining, and top-rated schools - just 15 minutes from downtown Greenville and 4 miles from I-85. From the moment you arrive, the stately limestone exterior sets the tone, both stunning and enduring. The expansive front porch is as inviting to your guests as it is the perfect spot to take in the peaceful surroundings. Step inside and you'll be captivated by the soaring two-story stone fireplace that anchors the open-concept living space, creating a cozy yet grand atmosphere. To the right, behind elegant french doors, you will find the perfect home office, as well as a spacious bedroom and full bathroom. To the left, the formal dining room impresses with detailed moldings and a breathtaking ceiling mural - ideal for unforgettable dinner parties. The gourmet kitchen is a chef's dream, featuring warm wood cabinetry, exquisite Beverly Blue quartzite countertops, a Wolf stove, double ovens, two islands and a generous pantry. Whether hosting a holiday feast or an intimate gathering, this space invites you to cook while enjoying family and guests. Upstairs there are four bedrooms, including two that share a Jack-and-Jill bath, another with a private bath, and a luxurious primary suite that feels like a personal spa retreat. A sitting area, tray ceiling, jetted tub, large tile shower with drying area, and a spacious walk-in closet offers the perfect escape at the end of the day. The basement is a destination in itself, offering an expansive family game and recreation room, a separate flex room with a floating wood floor and charming barn doors (ideal as a home office, music room, media room or guest suite). There is a full bath on this level for convenience. The unfinished area provides ample storage, and a rare feature - a 1400 gallon drinking water tank and a dedicated safe room, offering peace of mind during any weather. Outdoors the 1.6 acre professionally landscaped grounds feature an in-ground irrigation system, a meandering path that leads to a saltwater pool that feels like your own private resort, a three car garage, and even a permanent basketball goal for endless fun. This custom built home is truly a rare gem - a unicorn in today's market. Offering impeccable craftsmanship, thoughtful design details, and generous living spaces, it is nestled in a special neighborhood setting that feels worlds away while keeping you close to everything you need.
