Description

LOCATION AND LUXURY! You'll find both in this newly built home sitting on just over half an acre and located minutes from downtown and a short drive to I-85. As you enter the home from the charming covered porch, the natural light coming through the windows accentuates the great room that will welcome all of your guests. More natural light comes into the kitchen to highlight the quartz countertops and brand new LG ThinQ stainless steel appliances, making the space ideal for daily meals and special gatherings. There is also a small area that can be used as a breakfast nook that sits off the kitchen. You and your guests can make use of the half bathroom located off the great room on the main level and save a trip upstairs. Once the guests have gone home and you are ready to retire for the evening, you and your loved ones can make your way upstairs to the 4 bedrooms and 2 full baths that await you. A spacious 13x14 master bedroom includes a walk in closet with a rustic, space saving barn door. The beautiful master bathroom with double sinks with quartz countertops and a tiled walk in shower. The rest of the bedrooms are all equally sized yet each has its own unique features. These bedrooms share the second full bathroom on the second floor which also comes with quartz countertops and a shower/tub combo. The last room on the second level is the laundry room, with plenty of room for a side by side washer and dryer and some shelving. When you are ready to head outdoors, you can exit the via breakfast nook to the beautiful and spacious back deck with plenty of space to gather, cookout and enjoy the fresh air. Step down from the deck into the backyard which is currently a blank slate, limited only by your imagination. The back of the property features a cleared area for recreation, gardening or simply relaxing and soaking in some sun along with a wooded area that is perfect for ziplines, adventures and hammocks. Call your agent and schedule a showing today! This one won't last long!!
