The downstairs offers an eat in chef's kitchen as well as a large formal dining area making entertaining comfortable and easy. The open floor plan which allows movement between rooms and features surround sound only adds to the convenience of hosting friends and family. Working from home is preferred with a home office just steps from all of the conveniences your own home has to offer. A downstairs Owner's suite can be hard to find in our area so this large retreat off of the living area is a dream. A spacious walk in closet with shoe storage built in and an en suite that has both shower and garden tub, long double vanity with granite counter top and separate water closet make getting ready a snap! The large laundry with sink and the half bath, both found off of the garage entry hallway, round out the first floor. Just up the beautiful staircase with wood treads which match beautifully with the new wood landing, you will find three more large bedrooms with brand new carpet that share two full baths. Need an extra gaming or movie room? Step down and check out the HUGE bonus room which also just got new carpet! If outdoor living is your thing, you will love the screen porch and the irrigation system designed to keep your lawn looking great. Here at the Ponds, there are so many ways to become involved in your community. From golf cart parades to Easter egg hunts, from the Witches Walk to The Ugly Sweater Crawl, there is something for everyone!
