## Description

What a pretty setting for a home! You will love this custom built neighborhood with large lots! Walk up to the welcoming home and notice the comfy side porch that overlooks the pool and Lanai. The siding for the home is new, with crisp white siding and black shutters and new vinyl maintenance free Railings on the huge wrap around porch. New windows have been added to the whole house. As you enter the home you will feel right at home with gleaming hardwood floors on the whole main level. The large great room features a fireplace with Gas Logs. Perfect family gathering place. Don't forget to see the office tucked behind the great room. Perfect hideaway. Then walk into the kitchen and see the new doors and drawers that have been freshly painted. Complete with new quartz countertops and a ceramic tile backsplash. The Gas Range is a Dacor brand and there is a pot filler above the range top. Continue upstairs where you will find the Master Suite with full bath and 2 additional bedrooms and full bath to finish the the second level living space. The Master bath has a beautiful claw foot tub, large tile-glass walk in shower and granite countertops. On the third level you will find a perfect spot for the 4th bedroom/Flex room/teenager suite. And lots of extra storage areas in that room. Go back Downstairs and open the French doors to step out and experience the wonderful private back area featuring an in-ground pool with a screened pool enclosure (Lanai). This area is basically a large (25x60) (Lanai) screened patio surrounding the pool. with additional patio area for grilling. You never have to worry about cleaning up all those leaves with this Lanai. The Lanai keeps out bugs and leaves, such an easy way to have a built in pool to enjoy! The sellers have recently rescreened the whole enclosure. The pool is heated which extends the days to be able to use it year round. There is also a paver patio with garden island, party light and a firepit for entertaining or relaxation. This is such a great area to entertain in. There is a sprinkler system and automatic watering system for porch and gardens. HVAC is less than 10 years old and they are Trane units. 30 year Architectural shingle Roof has just been replaced in the last month. And the 40"x56" picture window in the kitchen is brand new in Jan, 2025 also. Check out the list of upgraded features the sellers have added in the past 2 years in Assoc Docs! Don't miss this home. Beautiful pool and backyard. Get a head start for summer with your heated pool!
