Description

Lake life calling your name? Check out this cozy home on an incredible lakefront lot with year-round water on Lake Greenwood with NO HOA! With a quaint and creative layout, this home would be perfect for weekend getaways or as an Airbnb. Bring your boat and easily put it in the water from the paved boat ramp and store it in the 21x22 carport when you're not enjoying days relaxing on the lake. The home has been freshly painted inside with nice neutral colors. The kitchen has lake views on two sides and a large island with storage. There are two bedrooms with a possibility of a third. With updates like a newer metal roof and HVAC, new water heater, plus vinyl siding, you'll be ready to do more of what you love, like spending time on the water! The yard around the house is fenced in and has some nice landscaping. Go out the gate onto your private deck over the water which is connected to the 28 foot dock. Now is the time to relax and enjoy sun bathing, swimming, and boating at your very own lake house! There is a septic tank on the property and public water is currently used for the home (there's a well that could be used for gardening). Seller will pay to repair driveway but is selling the home as-is. Don't miss your chance to see this home filled with lots of possibilities and start enjoying LAKE LIFE!
