Description

AGENT IS THE OWNER! Resort-style living on Lake Greenwood! Don't miss your opportunity to own this gorgeous low-maintenance home at Lake Greenwood. This home is in the gated community across from Break on The Lake. This area has recently become one of the HOTTEST lake communities on Lake Greenwood. If you are a golf enthusiast, Stoney Point Golf Course is a short drive away and is undergoing a multi-million dollar renovation. Enjoy a day on the lake working on your tan, tubing with the family or just cruising to the sand bar. When you get hungry visit one of the four restaurants accessible by boat on the lake! The community infinity pool and Hot tub overlook the lake for a resort-style relaxation feel. There is golf cart parking located at the pool as well. We own a deeded boat slip that can be purchased separately from home, please contact agent for pricing. The boat slips were destroyed during Hurricane Helene but are being rebuilt, we do not have an estimate at this time on the timeframe of the installation of the new ones. Inside you will find 3 bedrooms and 2 full baths. The office can also be used as a guest room. The garage was converted to a man cave bar room with its own mini split heating and cooling system. We upgraded the home with quartz countertops instead of builder-grade granite. While this is located on an interior lot you still get lake views. The community has a walkway around the lake as well as benches that you can access to walk along the lake and enjoy. Schedule a showing today and check out all Lake Greenwood offers.
