Description

Location, size, and craftsmanship are just a few reasons to love this home! Built in 2001 in the historic Earlewood community, this ALL BRICK BEAUTY is 4,785 sq ft on (1) STORY with a 4-car garage and an over-sized workshop suitable for anyone handy!! 12ft ceilings, 10 ft pocket doors, heavy molding, columns, marble floors, and french doors give this home lots of character, and makes it perfect for all generations and extended families. The interior is wheel-chair accessible with a 72 ft gorgeous hardwood floor hallway that extends the length of the house. The generously sized kitchen, with island & skylight, is perfect for gathering and entertaining a few or a crowd. Whenever you need a place to relax and rejuvenate, the natural lighting from the sunroom and enclosed back porch create space for an all seasons, pleasant indoor-outdoor atmosphere. There are 4 large bedrooms and 3.5 baths. The spacious private master suite includes a beautiful fireplace and sitting area. The 2nd bedroom has been converted into a bonus dressing room to the master bedroom. This room has a removable island in the center, an open closet layout, and is accessible via the master bathroom and hallway. The 3rd and 4th bedrooms have private bathrooms in each one. This house is equipped with BOSE surround sound speakers throughout, an intercom system, and is wired with a security system that provides peace of mind and an enjoyable experience for everyone. Don't wait, today is a good day to build a legacy in real estate! Verify all pertinent information. PROPERTY IS BEING SOLD STRICTLY "AS-IS". Disclaimer: CMLS has not reviewed and, therefore, does not endorse vendors who may appear in listings.
