Description

113A 12th Ave S is a stunning fourth-row beach house in Surfside Beach. This single-family home is expected to be completed by June 1, 2025, and boasts 3,349 heated square feet, featuring 7 bedrooms and 7.5 bathrooms. It is perfect for large families or as a prime vacation rental investment. The property is built to endure, featuring James Hardie concrete fiber siding, a 30-year architectural shingle roof, and composite decking with vinyl railings. The backyard offers a 22x13 gunite pool, a hot tub, and a paver pool deck, all equipped with a propane heater and saltwater filtration system for year-round enjoyment. Beautiful landscaping and an irrigation system enhance the property's curb appeal. A unique feature of this home is the 20x13 garage with a roll-up garage door and opener. Inside, luxury vinyl and tile flooring are paired with custom kitchen and bathroom cabinetry and granite countertops. The stainless-steel appliance package includes a glass-top range, microwave, dishwasher, refrigerator, disposal, and washer/dryer. A three-stop elevator makes navigating the house a breeze. Additional features include ceiling fans in all rooms, brushed nickel hardware and fixtures, and counter-height bathroom vanities. The turnkey property comes fully furnished with kitchen essentials, making it an ideal vacation rental investment. Zoning allows for short-term vacation rentals. The home is conveniently situated within walking distance or a short golf cart ride to Surfside Pier, the entertainment district, grocery stores, restaurants, parks, tennis and bocce courts, a baseball diamond, the library, and Surfside Beach's seasonal farmers market. Myrtle Beach is just a 20-minute drive away. Explore the Matterport 3D Virtual Tour at <https://bit.ly/3MpAnWN> for a detailed look at what the home may look like. Please note that the images and virtual tour represent the potential completed appearance. If you're searching for a luxurious, spacious beach house with ocean views and easy access to amenities, 113A 12th Ave S is a perfect choice.
