Description

Imagine your home at the top of a knoll looking out over 68 acres of rolling hills with horses or livestock to your left and your very own pond to the right. Sounds peaceful, right? Well, you can have all of that here. And as an added bonus to this serene property are approximately 20 acres of uncut timber. Call to see. (Home in photos is for illustration purposes only – there are no structures on the property. Well, septic & electrical lines from a previous home once on the property).
