Description

Check out this FANTASTIC home with 4 bedrooms and 3 bathrooms plus a wardrobe room/dressing room (custom designed and installed) and a large sunroom. There is NO HOA and the backyard which is almost 1/2 an acre has saltwater in-ground pool with a waterfall, extra decking and a lovely porch. The kitchen has white cabinets with granite countertops and opens to the dining room and overlooks the living room too which is a perfect entertaining space. There is a large sunroom that leads to the pool (pool table in this room is negotiable). Buyer to take over solar panel lease but with such a large house, solar panels help tremendously with energy costs. This is such a great location, only 6 miles from downtown Greenville! Come see it today!!
