## Description

Just in time for summer fun at Lake Keowee, don't miss this spectacular waterfront retreat. A property to enjoy instead of renovate, it's good to have you home at 122 Shelter Cove Drive. This setting is truly a special find in that it feels like you are atop of the water instead of at its edge. Nestled in a calm, protected cove with wide water views spanning its entire lakeside, peacefully and safely swim, float and enjoy the Lake Keowee lifestyle. All the work has been done for you. Effortless lakefront living that presents the perfect blend of comfort, quality, and style. An inviting look inside yields a charming combination living and kitchen design. Stay connected with family and friends with a spacious living room featuring 180-degrees of lake view anchored by a stone gas fireplace. Extend entertaining with a large three season porch where each morning starts and the day ends. An idolized place to spend down time reading the latest book or sipping on your favorite beverage. Ez-breeze sliding windows easily convert lake living from screened to sun porch and back again, adjoining two open lakefront decks. Whether eating at the kitchen island, the lakefront breakfast nook or in the beautifully updated dining room, broaden your space to accommodate any sized gathering. The lake house always has plenty of guests. The family chef will be pleased to find several design ideas that include stylish functionality. Gas cooking, ample prep space, specialty cabinets and drawers to an oven warming drawer, it is easy to stay organized while taking in the lake views every season. There is also a wet bar and beverage fridge just inside the deck side sliding glass door for an easy stop on the way to the dock. The primary suite offers just as good of a view as the living area and features an oversized shower with double vanities, a dressing table and walk-in closet with more custom organizers. On the opposite side of the home are two additional bedrooms and a second full bath. Features include a built-in secretariat and tall windows that flood this home with natural light. There is an abundance of storage with a large garage, a floored attic and a workshop with added storage below. There are several options to expand your space; be it for hobbies, toys, or added sleeping space. The potential for personalized growth is here. The game changer for this property is in the setting. An elongated parcel with over 250-feet of pristine Lake Keowee shoreline and only steps away to your private covered slip dock. The outdoor spaces are private and designed for year-round enjoyment. A gas fire pit with multiple patios sit at the water's edge to grant unobstructed lake views across the entire property. Less than five minutes to shopping, restaurants, marinas and launches, this is a home that is convenient by both land and lake. A manageable size with a mighty punch. This property includes all the points you need to live lake life the way it should be. No work, simply fun, family and friends to build memories that last a lifetime.
