Style

- Contemporary

Description

Construction to start mid August and tentative completion date by the end of December. Nestled within the prestigious community Waverly Bay - Prince Creek in Murrells Inlet, this home sets a new standard in luxurious living with lots of privacy. A host of high-end finishes and upgrades are on show throughout the sprawling 4beds, 3baths, 3 car garage! Lot backs up a pond with water fountain. Even before stepping inside, you will fall in love with this remarkable residence thanks to the backyard view, charming curb appeal and lush established gardens. High ceilings soar overhead throughout while 12-foot feature tray ceilings, Luxury Vinyl Plank flooring and an abundance of natural light ensure this is an awe-inspiring interior. The living areas are generous and open-plan encouraging an easy flow from the great room through to the dining and kitchen. You will love to gather in front of the cozy fireplace on cool winter nights while any avid cook will adore the modern kitchen with upgraded granite, a gas cook top, a walk-in pantry and wood soft-close cabinets. From here, a wall of doors connects to the back porch where you can host guests and admire the peaceful outlook over the backyard. Two bedrooms have en-suites including the master with a stunning tray ceiling, a walk-in closet, a double vanity, garden tub and a tiled shower. The remaining bedrooms all have built-in closets with wood shelves plus there's a laundry room, a third full bathroom and a 3-car attached garage. You will live just 10 minutes from the beach and only within a few minutes from grocery stores, hospitals and schools. Waverly Bay is a natural gas community. Pictures is from a previous house built by the builder. Due to delay and shortage of materials, the builder reserves the right to make any changes or alterations it may choose to make in its sole-and unilateral discretion to any or all of same without prior notice.
