## Description

This charming and spacious home has been lovingly cared for and thoughtfully updated over the years, making it a truly special place to call home. Originally built with 1,348 square feet, the owner expanded the space to 1,624 square feet, adding an extra bathroom and bedroom closet to create a more functional and comfortable layout. Step inside, and you'll immediately notice the attention to detail. Every electrical outlet and switch was updated, and new doors and molding were installed, giving the home a fresh and modern feel. The kitchen was completely transformed with new cabinets, countertops, and fixtures, making it a warm and inviting space to cook and gather. The upgrades extend far beyond the interior. A new roof with architectural shingles was installed, ensuring peace of mind for years to come. Central heat and air were added, and just last year, the system was enhanced with new ductwork and a heater blower, keeping the home comfortable in every season. The interior has been freshly painted, including the ceilings, creating a bright and welcoming atmosphere. As you move through the home, you'll find beautiful, durable Apex flooring in the back hallway, kitchen, and bathroom, offering both style and practicality. New ceiling fans have been installed to enhance airflow, while a brand-new back door adds security and charm. Outside, the home is just as impressive. A fresh coat of paint makes the exterior shine, while the backyard offers the perfect place to relax and entertain. A newly built 20x12 deck provides ample space for outdoor gatherings, and the concrete slab with a built-in barbecue pit is ready for summer cookouts. This home isn't just a house; it's a place where memories are made, where thoughtful improvements have created a space that's both beautiful and functional. With all the major updates already completed, all that's left to do is move in and make it your own. Schedule a showing today and see for yourself what makes this home so special!
