Description

This 4 Bedroom, 3 and 1/2 Bath home, with the master on the main level includes many special features. Through the front door you will find a generous office with double glass doors and large formal dining room (or maybe a potential game/pool room). A half bath downstairs is perfect for all guests. Enjoy cooking in the gourmet kitchen with a 5 burner gas cook top and stainless appliances. Gather and entertain around the large island, complete with a farmhouse sink, that opens up to the main great room, complete with a gas fireplace. Wood floors are throughout the entire main floor and plantation shutters on all windows. Off the back of the house there is a large screened porch perfect for outdoor entertaining that attaches to an over sized 2 car garage with ample storage. The generous Master retreat is located on the main floor and includes a large walk-in closet and bath complete with dual vanities, a freestanding soaker tub and a large tiled shower . There are 2 custom bar areas and a laundry room that completes the main floor. Upstairs you will find a loft which is perfect for a media room, gym, or children's play area, plus three additional spacious bedrooms . Two of the three upstairs bedrooms have walk-in closets and share a Jack and Jill bath. There is another full bath which services the third bedroom and loft. Outdoors is a fenced courtyard area right off the screened porch, and the home is situated so you have ample parking with the 2 car garage, plus a large driveway, and a premium end lot that provides large green space for enjoyment. Highly versatile home, plenty of room for friends and family to visit, and for those with young children, walk them to school. Don't miss the opportunity to see this fantastic home in the heart of Mt. Pleasant .
