Description

****READY BY JULY 2025**** Welcome home to the Kershaw! This open floorplan is upgraded from top to bottom. When you first pull up to this home, you will notice a nice stone accent around the two-car garage and architectural shingles on the roof. Step inside and be greeted by luxury vinyl plank flooring that you can find throughout all the common areas on the first floor. The kitchen is open to the great room and is loaded with upgrades like a gas stainless-steel range, shaker style cabinets with crown molding, granite countertops, two pendant lights over the island, and more! There is also a flex room that makes a great office space, formal dining, or formal living room. As you head upstairs, you will first be greeted by a nice loft space. The primary bedroom is in the rear of the home and comes with a vaulted ceiling. Both full bathrooms upstairs come with dual-bowl vanities, comfort height commodes, and luxury vinyl plank flooring.
