Description

Welcome to Creekside at Beresford, conveniently located less than 2 miles from I-526 and just minutes from Daniel Island and Mount Pleasant. Prepare to be impressed by this well-appointed home that is loaded with features and upgrades and flows with abundant natural light. The welcoming open-concept floor plan is ideal for entertaining, inviting easy conversation between the kitchen, dining area and living room. The luxurious kitchen features quartz countertops, a tile backsplash, abundant cabinet storage, a pantry, double ovens, a gas range, a built-in microwave, and an exterior vented hood. The first floor also features a front office (or alternatively, a sitting room, playroom etc.), a ground floor bedroom suite with access to a full bathroom with shower, a 2-car garage, a mudroom and a coat closet. There is attractive LVP flooring throughout the first floor, providing seamless transitions between rooms. There is easy access to the outdoors from the kitchen/dining area through a sliding glass door. The sizable rear yard (this is an 0.16 acre lot) includes an oversized concrete patio (runs the entire length of the house) and a covered grilling area with a natural gas connection. The wood staircase to the second level features attractive ornamental railings. The second level features the primary bedroom suite, two additional bedrooms (each with a spacious closet), a large bonus room, a full hall bathroom (with tub/shower, dual vanity, and LVP flooring), a laundry room (with convenient built-in cabinets) and a linen closet. The oversized primary bedroom suite features two walk-in closets, dual vanities, a spacious tiled walk-in shower (with roman seat/bench and two shower heads), a private water closet, and LVP flooring in the primary bath. The large bonus room offers many flexible options. It is currently used as an upstairs den but could also be used as a playroom, office, craft room etc., or even converted into a 5th bedroom. The interior of the 2-car garage has been upgraded with epoxy floors, shelving and a large workbench with butcherblock top. The curb appeal of this home has been enhanced by a stone skirt at the front of the house and many upgraded landscaping installations. The exterior also features front solar motion lights and a motion light in the backyard. There are ceiling fans in all bedrooms of this home. With an acceptable offer, the seller is willing to convey the wall-mounted TVs in the bonus room and the master bedroom, all window treatments, all kitchen appliances and the washer/dryer.
