14 Monet Drive is more than a home. It's a setting for a life well-lived, where elegance graces every detail, and beauty surrounds you at every turn. Step into this custom home of quiet elegance and timeless appeal at 14 Monet Drive within the prestigious gates of Montebello. Renowned for its Italian and French-inspired architecture, Montebello's backdrop provides lush landscapes, scenic trails, and a welcoming community spirit. As you step inside this 4,995-square-foot residence, you'll discover a home that is as enchanting as it is livable. The generous layout includes five spacious bedrooms complemented by four full baths and two half baths, creating an atmosphere that provides space for inviting family gatherings and entertainment. The heart of the home—the kitchen—brings a balance of practicality and decorum. With its custom finishes, premium appliances, and ample workspace, it is a place where meals are not only prepared but fully savored with a wine storage room to the side. Nearby, the dining and living areas, filled with natural light, open to a charming terrace that overlooks the beauty of Montebello's rolling hills and majestic mountain views. The owner's suite is a haven of peace, providing a spa-like bathroom with dual vanities, a soaking tub, his and hers walk-in closet, and dedicated laundry room. Each additional bedroom is thoughtfully designed to provide privacy and comfort, while the lower level reveals even more space for family and guests. The recreation room invites laughter and play while the fitness room encourages well-being. Montebello includes a wide range of amenities, such as a clubhouse with a pool and event space, tennis and bocce ball courts, walking trails, and ponds. A children's playground and gated entrances provide additional comforts, security, and recreational opportunities for residents. This home's proximity to downtown Greenville, Paris Mountain State Park, and excellent schools also make it a prime location for families, professionals, and retirees.
