Description

All brick. One story. Zero guesswork. This stylish corner-lot home has been extensively remodeled—inside and out. Think quartz countertops, new flooring, updated lighting, and cabinets that feel anything but basic. Behind the scenes, big-ticket items like the windows, roof, and HVAC have already been handled. Inside, the layout makes smart use of space, and the side screened porch adds even more room to stretch out, host friends, or just sip your morning coffee in peace. Whether you're heading to work or heading out for a bite, the location makes life easy. You're just a quick drive to Downtown Greenville, even closer to the Augusta Rd restaurants and shops, and minutes from I-85. Low maintenance, high function, and all the right updates—this is the kind of place that works hard so you can live easy.
