As you approach the house and parking court, the impressive home offers a glimpse to the stunning dunes and beach beyond. The home is an architectural masterpiece, and its high quality craftsmanship is evident throughout. The great room features a soaring two-story arched ceiling, stone fireplace, heart pine with maple inlay floors, fine millwork, and the impressive wall of windows that perfectly frame the breathtaking beach views. Doors open onto the sun-kissed deck which overlooks the pool and beach. The dining room is off the great room and boasts uninterrupted ocean views. The kitchen features custom cabinetry, a center island, breakfast bar, and is connected to both the dining room and great room, providing seamless flow for entertaining. The primary suite is on the west side of the main living level with doors leading onto a covered oceanfront deck overlooking the pool and beach, featuring a gas fireplace with stone surround, fine millwork, arched doorways, a seating area, and private loft space perfect for office or home gym with ocean views. Two luxurious bathrooms with generous built-ins and walk-in closets complete the primary suite.
