Description

Nestled in the coveted Country Club II neighborhood, this exquisite 6,700-square-foot home commands a private corner lot on the renowned Country Club of Charleston. Meticulously constructed, the elevated residence boasts a 9-car garage on the ground level and two floors of luxurious living space above. Surrounded by stunning oak trees, the property features an elevated saltwater pool and wide porches, blending modern amenities with timeless charm. Step inside the grand foyer, where natural light floods the entire first floor. Adjacent to the foyer, you'll find a newly renovated executive office with a wet bar and an elegant formal dining area. Beyond the foyer lies a cozy sitting area with a gas fireplace and built-in bookshelves. The heart of the home is the gourmet kitchen, perfect for casual family meals or hosting dinner parties with friends. Highlights include a large central island with a 6-burner Viking gas range and separate prep sink, a new double Sub-Zero refrigerator, a built-in oven with warming drawers, and a bar area with a separate ice maker and dishwasher. Off the kitchen, a spacious family room with vaulted ceilings and floor-to-ceiling windows adjoins a spacious breakfast nook. Downstairs also features a large laundry room that doubles as a workout area with ample storage. The main floor primary suite, nearly 500 square feet, is a private oasis with a separate sitting area, gas fireplace, and large windows. Dual walk-in closets lead to the primary bath, featuring a jetted soaking tub, steam shower, and separate vanities. Upstairs, you'll find another large family room and game room, along with three generously sized bedrooms, each with ample closet space and large windows. Two full bathrooms and a powder room complete the upper level, which also includes a separate laundry room and a cedar closet. The 3,800-square-foot finished ground floor offers versatile space that can be used as a home office, gym, or entertainment room, as well as abundant storage to keep your home organized and clutter-free. Surrounded by lush Japanese maples, hydrangeas, azaleas, fruit trees, and camellias, the lovely backyard is enveloped by large live oaks, providing a great sense of privacy. Situated in one of Charleston's most desirable neighborhoods, less than 2 miles from downtown, this stunning home is close to top-rated schools, parks, shopping centers, and restaurants. When originally constructed in 2001 the house was truly engineered and built to stand the test of time. With an insulated concrete form foundation and concrete piers this home is worry and maintenance free. Don't miss this rare opportunity to make this exceptional property your new home.
