## Description

Located in Mount Pleasant's desirable Cambridge Lakes, this fully updated 3-bedroom, 2-bath condo offers over \$40,000 in recent upgrades, making it one of the most move-in-ready units in the community. Enjoy a 1-car deeded garage, a fully remodeled kitchen with brand new (never used) stainless steel appliances, stone countertops, and a tiled backsplash. The open-concept living area features hardwood floors throughout and flows into a screened-in porch overlooking peaceful pond views. The spacious primary suite includes a walk-in shower with dual showerheads and dual vanities with stone tops, while the guest bathroom has been upgraded with new tile, a modern vanity, and updated plumbing fixtures including a new diverter. Bedrooms feature fresh carpet, 2-inch window shades, and updated lighting throughout. Recent upgrades include a brand-new hot water heater (2025) installed in the screened-in porch utility closet, complete with a new expansion tank, new closet flooring, and freshly painted exterior closet doors. Additional improvements include a serviced HVAC unit (2021, serviced June 2025), a properly installed dishwasher with new drain loop and secured mounting, and seismic straps added to the water heater. The building has elevator access with stairs also leading directly to the front door, and the unit includes a laundry room with shelving. All of this comes with access to amenities like a pool, fitness center, and clubhouse in one of Mount Pleasant's most central and convenient locations.
