Description

The Shorebreak is the perfect balance between outdoor living space and a coastal-inspired interior, encouraging you to slip off your sandals and relax. With 1917 heated square feet, this home offers three bedrooms, two bathrooms. Step in from the Shorebreak's covered front porch to find an open kitchen, dining, and great room area. Breeze through sliding glass doors onto a 16 X 11 covered porch, ideal for warm summer evenings or afternoon get-togethers. Whether you're looking for an abundance of counter space, added seating, or a more intimate gathering area, this model's options will serve as the solution. Through the foyer, you'll find a large drop zone and laundry area while you unload beach accessories or sand-filled clothes. Drop-off beach chairs in the convenient storage space just inside the garage, as well. Beyond the open living space, find a stunning master suite complete with a tray ceiling, enormous walk-in closet, double vanity, and a seated shower.
