Description

Almost 2,000 sq ft Brick Ranch on Nearly 10 Acres – Prime Location with Endless Potential! Sitting on almost 10 acres, this brick ranch offers space, privacy, and convenience. The woods behind the home create a peaceful backdrop, while the front acreage provides plenty of open space. There is even a creek at the back of the property. Located just minutes from town, shopping, schools, and restaurants, it's also centrally positioned between Greenville and Spartanburg for easy access. Inside, you'll find three bedrooms, two bathrooms, has living room, and a great room with fireplace with gas logs, giving you plenty of room to spread out. Eat-in kitchen. Primary bedroom with full bathroom and walk-in closet. Oversized laundry room. This home is a blank canvas ready for updates, allowing you to make it your own. There is a two-car carport for added convenience, with a storage room off it. This expansive property offers endless possibilities. Rather than the mass produced homes we see being built today, this home was built with the craftsmanship we just don't see anymore. Needs updated to your taste, but it does have a new AC Unit that was installed in 2022, the architectural roof in 2011 and the septic tank was pumped and inspected in Oct 2024. Don't miss this opportunity—schedule your showing today!
