The homeowner had the home custom build with lots of extra storage and closet space and walk in closets too! Also easy access to plenty of attic space. Main level HVAC is less than 1 yr old, and the upstairs unit is approx. 6yrs old. Walk into an inviting foyer and living room, a galley kitchen and separate dining room. From there a beautiful glass enclosed sunroom for enjoying your morning coffee, evening tea or dining. The landscaping is beautiful, even lots of space for gardening if you're into that. Berber carpet in the bedrooms and living room with hardwoods underneath. The master bath features 2 separate vanities. and a separate shower. \*\*\*There is an accessory dwelling unit on the property(which no value has been given to) that has 2 bedrooms,1 full bath with a stackable washer and dryer, kitchen and living room that could be a mother- in- law or adult child quarters. It has window unit A/C and a propane gas heater. Or could be used for storage.
