- Insulated Windows
- Tilt Out Windows

Lot Features

- 1 - 2 Acres

Style

- Traditional
- Craftsman

Community Features

- Other

Other

- None
- Electric
- Damper Controlled

Description

Experience brand new construction with two acres and create your own Oasis. You can decide if you wish to add a small barn and own a horse or have a large garden or start a vineyard or more. This can be a mini farm to just have fun with. No HOA to request permission, by the way. This New Construction is an Elegant Craftsman style Farmhouse with fine engineered hardwood floors throughout as an open floor design. The gourmet cook will absolutely love this kitchen with ZLINE Stainless steel appliances. Except the refrigerator will be LG. Pot filler included above the dual fuel stove, built-in microwave, dishwasher and refrigerator. The quartz countertops and huge island enhance the splendor. This is all open to a 20'X20' living area w/ electric fireplace. There is an ample size office / study overlooking the front porch and yard. Three nice bedrooms on one side of the house with two full baths. The master suite is 17'x15' with a huge 14'x5' walk-in closet. Relax in the stand alone pedestal tub or unwind the day's stress within the tile steam shower. The builder decided to add a 500+/- square foot rec room, closet and full bath which will make a great media room or in-law suite. This home has a ton of extras. The insulation in the walls is injected foam as well as in the attic for optimum Green energy efficiency. Notice the high end thermal windows. Everything has been well thought out with a discriminating buyer in mind. The huge 43 foot long covered front porch is so inviting as is the 31'x14' covered back porch overlooking pasture. This area could easily be up-fitted as an outdoor kitchen area and it already has a sink and access to a 1/2 bath. I can only imagine the peaceful evenings relaxing on either porch sipping on your favorite beverage and enjoying life! The three-car garage has a utility sink, two yard doors and a dedicated area with outlet and water for another refrigerator. Please take time and see this fine home. Built by a local builder!!!
