Description

You found it! A home with a view of the Ravenel Bridge from the upper of two wrap around porches, a lot large enough to store your boat, to put in a pool or even an ADU. Elevated, with plenty of storage below, this over 2200 square foot, 3 bedroom 2.5 bath home features an open kitchen, granite, gleaming hardwood floors, fireplace, plantation shutter and a primary bedroom bathroom with two water closets, no sharing the loo on the main level. Upstairs you will find an additional generously sized sitting area and two additional bedrooms and full bath. Incredible location, blocks from the Remley's Point boat landing, David Simmons Community Dock and Park, the recently expanded Mount Pleasant Waterfront Park and minutes from Downtown Charleston and the beach of Sullivan's Island and Isle of Palms. The large lot has a lengthy driveway, raised bed gardens and lovely landscaping. Pleasantly priced to make it your own.
