Description

Located on a large .43 acre corner lot in Lexington's Cassique neighborhood. This 5 bedroom, 3 full bath home was built in 2019, but this is not your typical builder home- The seller has various upgrades throughout. Upon entering the home, you will notice the main level bedroom (currently being used as an office) with double glass doors to the left and a true dining room with box molding leading to the family room. The family room is perfect for entertaining with a fireplace and open concept to the kitchen area. The kitchen is spacious and features painted cabinetry with an island, gas range, and stainless steel appliances. Upstairs, you will find a loft space, currently being used as an additional family room and 4 additional bedrooms. The primary bedroom includes his and her closets and a private bath with dual vanities, shower and tub. Bedrooms 3, 4 and 5 share the full hall bath. Outside, you will notice the extended deck with covered gazebo with a sitting area, providing the ideal spot for grilling and entertaining as well as the privacy of no backyard neighborhoods.
