Description

Very very well maintained house. An open Concept One Story home with Vaulted Ceilings, 3 Bedrooms, and 2 Bathrooms. When you enter the home you will notice the Frosty White Walls, the woodgrain Luxury vinyl flooring throughout the main living areas with the 10 ft vaulted ceilings. The flex space is right off the kitchen making it the perfect dining space, the kitchen has a huge island with plenty of room for counter height bar stools, the dark cabinetry warms the space but the light granite provides great contrast. The stainless steel appliances, walk in pantry and recessed lighting provide modern functionality to the space. Just off of the kitchen is the spacious family room with a ceiling fan for those warm southern summers. Off the family room is the primary bedroom with a garden tub shower combo, linen closet, walk in closet and dual vanity. The secondary bedrooms are connected by a bathroom as well. Cute back patio and fully sodded yard. Richland II schools and convenient to interstate, shopping, restaurants and more.
