Description

Peek of the Creek is a charming waterfront cottage tucked amid the pristine marshlands & wooded pine forests of the Francis Marion National Forest. This serene escape on 2.82 acres overlooks Guerins Creek with breathtaking marsh vistas & soft coastal breezes. A dock share agreement underway for existing deepwater dock. This home invites you to unwind on the elevated screened porch and enjoy nature's beauty. Built in 2018, this two-story home features a reverse floor plan, maximizing views and natural light in the lofted open-concept living area. The modern kitchen flows seamlessly into the living and dining space, complete with a gas fireplace for cozy evenings. The primary suite has a spa style tub & shower. Guest bedroom & laundry room complete the upper level. Downstairs, a private 1 BR/1 BA mother-in-law apartment suite has a spacious living area, a kitchenette, and a covered patio. The two-car garage provides ample storage, including a built-in workbench area, and a fenced yard ensures a safe space for pets. Adjacent owner is willing to create a dock share lease agreement for their existing dock and floater if Buyer is interested. Currently operating as a successful Airbnb retreat, this home presents a unique opportunity to own a turnkey investment property, with furnishings available for purchase. Outdoor enthusiasts will love the private kayak launch, while the Guerins Creek community boat ramp and dock provide easy water access. Surrounded by protected lands and stunning marsh views, Peek of the Creek is a true Lowcountry retreat.
