Description

Nestled along the scenic banks of the Wando River in the desirable Rivertowne on the Wando community, this home underwent an extensive renovation in 2021 to fully embrace the stunning river views and celebrate the best of Lowcountry outdoor living and boating. From the moment you enter, the river becomes the focal point - visible from the foyer and continuing throughout all the main living areas, offering a front-row seat to the beauty of the natural surroundings. Inside, warm oak hardwood floors, refined trim work, a marble fireplace flanked by custom built-ins, and a soothing neutral palette create a classic interior setting. Directly off the foyer, a charming room with glass French doors offers flexibility as a home office or formal dining room. Beyond that lies the heart of the home, a beautifully reimagined, professionally designed kitchen by Delicious Kitchens, where every detail has been carefully curated. This elegant space features luxurious Calcutta Quartzite countertops, top-of-the-line KitchenAid appliances including dual ovens, a custom-designed CopperSmith range hood, polished nickel lighting and hardware, and an eye-catching tile backsplash that ties it all together. From the kitchen, living and dining areas, the river views are on full display through stacking sliders which open across the width of the home, providing easy access to the lpe back deck and screened-in gazebo with metal roofing - perfect for effortless indoor-outdoor living. The serene primary suite, located on the main floor, offers sweeping river views and features custom built-in cabinetry, a spa-inspired bathroom with a luxurious walk-in shower, and expertly designed closets by Closets by Design. Within the second floor you'll find three additional bedrooms - one with a private ensuite and two that share a well-appointed bath along with a versatile common area ideal for a den, playroom, or home office. Two of the bedrooms and the central living space continue to showcase the breathtaking views of the Wando River and its stunning sunsets. Completing this exceptional property is a deeded boat slip just steps from the backyard, equipped with a brand-new 16,000 lb lift with approximately six feet at MLLW. The dock and pier are shared with only eight neighboring homeowners, offering both convenience and reduced ownership costs for this highly desirable waterfront amenity. Step outside onto the expansive decks and you'll be greeted by thoughtfully designed landscaping and vibrant seasonal blooms, all professionally installed by Brownswood Nursery. A dedicated pollinator garden attracts butterflies, hummingbirds, and bluebirds, creating a picturesque and lively outdoor retreat. The lush, manicured lawn is maintained with an automated irrigation and lighting system, ensuring year-round beauty with minimal effort. The oversized two-door garage offers ample space for a large vehicle, recreational equipment, as well as generous floor and overhead storage to meet all your organizational needs. Just steps from the backyard, a spacious common area with a charming gazebo invites casual gatherings, ball games, dog walks, and family fun. A short four-minute stroll takes you to the community's pool, tennis courts, and pickleball courts - perfect for staying active and social. For even more recreation and convenience, several top-rated golf courses, shopping centers, fitness options, and a hospital are all just a short drive away, placing everyday essentials and leisure activities within easy reach.
