Description

Don't wait on new construction! This like new Carter model home with water views is ready for you. Searching for a stunning home, 3 car garage, community water access and water views? This one is even framed for an elevator. Add this beautiful home to your list and enjoy Wando River views from all four porches. Located just 20 minutes from the beach, this home rests on a quiet cul-de-sac in one of the most coveted communities of Mt. Pleasant, Dunes West. Offering the perfect blend of comfort and luxury, boasting endless natural light, this 4 bedroom, 4 bath home features marsh, tidal creek, and long-range Wando River views from nearly every window within. The drive under garage grants ample space for 3 vehicles, storage, and even a workshop. The garage recently had an electric vehicle charger added as well. For future needs, an elevator shaft entrance is also located in the garage and carries up through both stories of the home. The freshly painted stairs with wired path lights carry you to the front porch. Gas lanterns welcome you as you are greeted by this beautiful outdoor space. Here you can enjoy views of the evening sunset. Inside, the first level hosts an open space which can be used as a formal dining room, additional sitting area, or an open office. The first level also has a guest bedroom and full bath. The main living area is absolutely the heart of this home. Here, you can have family and friends gather in the living room, dining area, and kitchen and entertain with ease given the spacious layout. The full back porch with partial screened area allows you to extend your living space outside. Here, views of the Wando River set the perfect backdrop for relaxing evenings and all of your get-togethers. The gourmet kitchen is a chef's dream with the pot filler, prep space, and immense amount of cabinet storage- the front of the kitchen island offers great hidden storage for your heavier cookware items. An added bonus in the first floor is the drop zone from the garage as well as the spacious finished elevator shaft adjacent to the stairs. The wood floors continue through the shafts on the first and second floor and until an elevator is needed, they make for a clever and spacious storage addition on each floor. Upstairs offers a loft with access to the front upper level porch, the 2 additional guest bedrooms and baths, and the spacious laundry room which is already plumbed for a utility sink. Upstairs is also home to the incredible owners suite. A retreat that you will never want to leave. Upon entering, you have immediate views of meandering streams of the river. Natural light floods this room as the bedroom offers 3 different access points to the private owners porch. Stepping outside, the porch offers ample space for swings, a patio table, or hammocks. The owners bathroom is like a spa with its oversized Roman shower, overhead rain showerhead, and beautiful frameless glass shower wall. The theme of outdoor views continues into the bathroom with its large picture window overlooking the streams as well. The owners closet is also something to see- an incredibly large closet with custom shelving for all your clothing and linen items. Dunes West also offers incredible amenities. Residents here have the option to join membership clubs and enjoy complete with hiking trails, boat launch and storage, athletic facilities, swimming, tennis, and an award-winning golf course to name a few! This home and community are the epitome of southern living. Homes in this area don't last long so we encourage you to book your showing soon!
