Description

Prepare to fall in love with this stunning elevated 5-bedroom, 3.5-bath cement plank home perfectly positioned on a marsh-front lot with a side pond, offering incredible views, privacy, and amazing curb appeal. From the moment you arrive, the charm of this beautifully updated property is undeniable. A dramatic two-story foyer welcomes you in and opens to a formal dining room accented with shiplap and a tray ceiling. The main floor is flooded with natural light and features rich hardwood floors that carry throughout the open-concept living space. The spacious family room boasts built-in shelving and a cozy gas fireplace, seamlessly flowing into the heart of the home--the gourmet kitchen. Designed for entertaining and everyday living, the kitchen features a massive island with stone cocountertops, white cabinetry, stainless steel appliances, a gas cooktop, clear glass pendant lighting, double ovens, microwave in island, tiled backsplash, and a separate wet bar. Just off the kitchen, a stunning butler's pantry adds even more functionality with marble tiled floors, a coffee station, stacked washer and dryer, a second refrigerator, custom cabinets, and open shelving. The luxurious primary suite is a true retreat, with a wall of windows that frame breathtaking marsh views and flood the room with soft natural light. The ensuite bathroom is the ultimate in comfort and serenity, offering the perfect place to unwind at the end of the day. It features dual walk-in closets with custom shelving, marble tile floors, a striking dual-sink vanity, a beautifully tiled frameless glass shower, and a freestanding soaking tub that invites you to relax and escape. Whether you're starting your morning or ending your evening, this spa-like space provides a peaceful haven right at home. The back of the home is made for outdoor living with double-stacked rear porches. The main-level porch is screened and flows into a grilling deck, while the upper-level porch is an elevated private escape featuring turf, a pergola, and a saltwater hot tub with stunning marsh views. Upstairs, a generously sized bonus room is large enough for a pool table, includes built-in cabinetry, and leads directly to the upper porch. The secondary bedrooms all include walk-in closets and share two beautifully updated Jack-and-Jill bathrooms with marble floors, tiled showers, and elegant vanities. An oversized three-car garage provides ample storage, and the elevated construction offers even more space below. The private, fenced backyard is ideal for relaxing or gardening, all while taking in serene views of the surrounding marsh. With a perfect blend of style, functionality, and location, this home truly captures the essence of Lowcountry living at its finest.
