Description

Tucked away in a peaceful, private, setting, this well-kept farmette on a 3.24 acres with 3-bedroom, 1-bath home is the perfect blend of comfort and country living. A new porch greets you before you enter the cozy living room which features a gas fireplace. The cheerful kitchen and spacious dining room opens to a new sunroom in the back which offers a peaceful spot to enjoy the outdoors year-round. A new flex room provides extra space for an office or playroom and is currently used as a guest room. The updated bathroom includes a modern tub-to-shower conversion. Recent updates throughout the home include a new attached two-car garage, HVAC system, electrical wiring, gas line, insulation and a new roof and vinyl siding. The sewer line has also been upgraded. Step outside, and you'll find a new cement driveway, and a landscaped yard. A farm-like oasis awaits you with a new chicken coop, pig house, two sheds, and a variety of fruit and nut trees—peach, plum, apple, tart cherry, pear, and filbert. A beautiful ornamental magnolia tree adorns the entrance to the farmyard. A new well with hydrants to both the large garden area and the farmyard make watering a breeze. With a well for water, a nice home, farm buildings, and fruit and nut trees, this is the perfect property for anyone who wants to homestead in a quiet and peaceful location while still being close to city amenities. Before scheduling your tour today to see it for yourself do not forget that there is also space for horse stables on this property!
