You will enjoy the peaceful lake views from the deck that spans the full length of the lake side of the home. The walk-out, finished lower level leads to a patio surrounding a large, in-ground vinyl pool. Outside you will also find a chicken coop where you can gather fresh eggs, as well as a workshop/storage building. Inside the home, the main level is designed for entertaining with an open-concept floor plan that includes a living room with a fireplace, high ceilings, and french doors leading to the deck. The eat-in kitchen is a chef's dream with an over-sized double-oven range, island, granite countertops, and lots of cabinet and counter space. The master bedroom has a spacious bath that includes a whirlpool tub, separate shower, double sinks, and a large walk-in closet. Two additional bedrooms, two full bathrooms, a laundry room, a formal dining room, as well as an office/den complete the main level. On the lower level, you will find a huge rec room with a wet-bar, a bonus room that could be used as a 4th bedroom, an additional full bath, tons of storage space, as well as a three-car garage.
