Description

Welcome to 3000 Chesterwood Ct., a stunning 4-bedroom, 2.5-bathroom single-family home nestled in the heart of the Berkshire Forest community in Myrtle Beach. As you step inside, you'll be greeted by an open and inviting floor plan, perfect for both entertaining and everyday living. The well-appointed kitchen features modern appliances, gas cooktop, and ample counter space, making meal preparation a delight. The expansive living area is bathed in natural light, creating a warm and welcoming atmosphere. The master suite provides a serene retreat with its generous size and en-suite bathroom. Three additional bedrooms offer plenty of space for family or guests. There is also a unique open second-floor sitting area that could be used as an office or play area. This home is located on a corner lot and has an abundance of outdoor living space with a covered front porch on both the first and second floors. It also has a screened in back porch and patio overlooking the expansive private back yard. Another unique feature of the home is a built-in Taexx pest control system. Taexx, the original Tubes in the Wall® system, is a networked home system that runs throughout designated walls of your home, creating a virtual barrier that strikes unwanted guests where they're the most vulnerable- where they live, hide, and breed. Taexx lets you engage a network of protection for you and your family, and treatment materials remain effective longer because they are not exposed to sunlight. It limits the exposure you and your family have to pest control materials. Pest control is performed from the exterior through the patented and locked service ports. Living in Berkshire Forest means enjoying a wealth of amenities designed to enhance your lifestyle. The community boasts a vibrant, established atmosphere with features such as walking trails, pickleball and tennis courts, two pools (one with a lazy river), an on-site dog park, and a variety of planned activities. For those who enjoy friendly competition, there's also bocce ball and a pool table at the clubhouse. Conveniently located in the Carolina Forest area, Berkshire Forest offers easy access to Highway 501, Highway 31, and International Drive, putting all that Myrtle Beach has to offer just minutes away. Don't miss the opportunity to make 3000 Chesterwood Ct. your new home, where comfort, convenience, and community come together in perfect harmony.
