- Electric Water Heater
- Gas Water Heater

Description

TRULY SPECIAL turn-of-the-century farmhouse with multiple additions that honor the original structure! Charm, history & modern conveniences, this listing is for the house and outbuildings on 5 acres.. Solid wood throughout, no drywall - this construction is the real thing, not decorative shiplap. Metal roofs, extensive porches and decks, fenced back yard, chicken coop, cleared area at the front of the property could be a small pasture for livestock. Could be a hunt box/mini-farm, on the GENTS trail system. Move in ready - most of the living space is a recent build designed to reflect the original farm house structure. Plenty of space behind the 3 car garage for a livestock run-in or build stalls under the overhang, add the horse fencing and you are ready to go!
