- No Basement

Description

Back on the Market at no fault to the seller. Financing fell through. Welcome home to your castle! Whether you're seeking a private residence, an investment property, or a shared-owner retreat, this one-of-a-kind gem in Forest Acres' Rockbridge neighborhood checks every box. With three master-style suites, each boasting its own private bath, this layout offers flexibility and privacy like few others. This architectural unicorn wraps around a central courtyard, blending contemporary charm with warm, rustic details like exposed beams. One of the most unique features? "Rapunzel's Tower" – a two-story turret with a spiral staircase surrounded by library space, storage, or even a wine cellar. Talk about character! The Owner's Suite upstairs is expansive, featuring a luxurious bath, large walk-in closet, and a private sitting area. Multiple great rooms, a formal foyer, and several living spaces provide tons of room to spread out, entertain, or relax. Outside, the half-acre corner lot gives you privacy and space while keeping you close to Fort Jackson, I-77, shopping, dining, and just minutes from downtown Columbia. A separate storage building/workshop makes this a great option for creatives, hobbyists, or those needing extra utility space. This home is perfect for an AirBnB concept, multigenerational living, or anyone craving a "retreat feel" in the heart of the city. Homes like this don't come around often—and when they do, they don't last. So if you're looking for something truly special, your castle awaits.
