## Description

Welcome to 3851 Brampton Dr., a stunning 4-bedroom, 2.5-bathroom home on a beautifully landscaped quarter-acre lot in Myrtle Beach! This home has been meticulously upgraded, offering maintenance-free landscaping with river rock and gorgeous accent lighting that highlights the home's elegant stone-accented front. Step inside to find tile flooring throughout the main level—an upgrade that ensures durability and timeless style. The sunroom seamlessly extends this flooring, creating a cohesive and bright living space. The family room features custom built-ins, adding charm and functionality, while the entire home has been freshly repainted from top to bottom. The primary suite boasts a custom-designed walk-in closet by Closet By Design and a luxurious en-suite bath with soapstone countertops. The powder room was recently updated, and the second-floor bathroom was completely rebuilt last year, featuring a new soaker tub, soapstone counters, and stylish fixtures. Step outside to your private backyard oasis featuring a new 38' x 16' fiberglass in-ground pool (installed just two seasons ago), complete with cool concrete decking for comfort in the summer. The pool is heater-ready and features underwater lighting, allowing for beautiful evening swims. Additional upgrades include a brand-new refrigerator and microwave (2024), all-new lighting fixtures throughout, a 72-inch ceiling fan in the living room, and elegant new pendant lights over the breakfast bar. This home is truly move-in ready—every detail has been carefully updated so you can enjoy modern luxury in a well-established neighborhood. Don't miss this incredible opportunity to own a beautifully renovated home just minutes from the best of Myrtle Beach!
