## Description

What Would It Take for You to Picture Yourself Here? I get it—homes with real space and style at a price that makes sense? They feel harder and harder to come by. But here's one worth a closer look: 4 bedrooms, 2 full baths, and nearly 2,100 square feet of brand-new, move-in-ready living—just 5 miles from Downtown Greenville and a little over a mile to the interstate. That means easy access to everything... without giving up room to breathe inside. You'll find: A wide open layout built for everyday life Bedrooms that are actually big enough to be useful FHA Approved & Detitled, so financing? A whole lot simpler If you've been holding out for something that checks the boxes without blowing the budget—this might be it.
