Description

Circa 1830's, 40 1/2 State Street is one of Charleston's most elegant, meticulously restored 3-story brick kitchen houses. Located in the heart of the French Quarter, the home is within walking distance to all of Charleston's finest restaurants. Located behind 38 & 40 State Street with a private copper entrance. The ground floor offers a foyer, kitchen with marble countertops, stainless steel appliances, custom cypress cabinets, and blue stone floors throughout. Kitchen leads to a large living room with gas fireplace, and 3 French doors leading to a lush walled garden. Primary suite is located on the top floor, with a fireplace and walled terrace overlooking the Old City of Charleston. Additional bed, bath, and laundry on the 2nd floor. One of the finest pied-a-terre's in the area!
