Description

Just steps to the ocean from this charming one-bedroom, one-bath villa!! This home has been updated and includes MANY quality features. The kitchen boasts gorgeous quartz countertops, custom cabinetry and stainless steel appliances; all complemented with a terrific tile backsplash and decorative walnut shelves above a deep, stainless steel farm sink. Matching LVP flooring in a versatile color throughout lends to a flowing room configuration and goes with any style décor! Breakfast/Dining area and living room have large panel windows that allow natural sunlight to pour into the main area, giving a great view of a serene park setting. Other attractive touches include a fireplace nestled in a wood plank accent wall, and a large wall mounted flat-screen television that hovers over a clever, space-saving "murphy bed cabinet" with a super comfortable queen memory foam mattress. Primary suite has an amply sized walk-in closet with shelves. The bathroom showcases a modern rustic appeal with a raised vanity, decorative tile surround on the shower/tub combo and modern light fixtures. So much packed into this modestly sized floorplan!! Located inside the 145-acre beautiful Kingston resort, with multiple pools, Spa33 and 78 Fitness center with tennis and pickleball courts, indoor pool, putting green, and golf simulators. Oceanfront hotel, restaurants and over 1/2 mile of sandy beaches. Close to everything Myrtle Beach has to offer. Great second home or rental option. Some resort amenities are only available through the Hilton on-site rental program.
