Description

This beautiful condo in Riverwood is going to be a delight to show!! Entering the unit, you will walk into a foyer with storage and a good place for a dump spot. Continue up the stairs to your single level sweet spot! The living area is massive! Plenty of room for big furnishings, an office OR Both! The kitchen is galley style with updated cabinetry, full set of appliances and a pantry. There is a great area for your dining table and a bit of room for bar stools at the breakfast bar. Down the hall is the laundry closet with space for storage too. As you go further, be sure and checkout the BIG closet for extra storage of kitchen tools, bigger pots/pans or anything you need to store. The first bedroom is a great size and has a walk-in closet. The guest bath has been nicely updated with a comfort height vanity and a super cool nautical mirror. At the end of the hall is the primary suite. The room is super big and has 2 walk-in closets, updated lighting and in the bath, there is a shower and a garden tub perfect for a bubble bath and a long soak. Outside, enjoy the sitting and grilling area out back...and also the great swimming pool, tennis court, basketball goal and another area to sit/relax. All of this located close to all the things one could need - groceries, the hospital, medical offices, banking, and the famous Murrells Inlet Marshwalk. Take advantage of the Multi use path that you can walk or bike over to the Inlet and catch a beautiful sunrise, hear live music OR just find a spot to chill.
