Description

This beautiful 4 bedroom, 3.5 bath home is less than a year old, and is still covered by the builder's warranty. The charming front porch opens to a spacious foyer. To the left is a flex room with french doors that could be used as an office, private den, or music room. As you continue, you pass the 1/2 bath for guest and the laundry room. The great room has a gas log fireplace and is open to the kitchen and breakfast area. The kitchen is a chef's dream, with quartz countertops, a gas cooktop, double ovens, built-in microwave, tile backsplash, and large island. The breakfast area opens to a covered porch and patio area. The primary bedroom is spacious and located on the main level. The primary bathroom has dual vanities, a tile shower, separate water closet, linen closet, and walk-in closet. Upstairs are 3 additional oversized bedrooms all with walk-in closets. One bedroom has a full private bath and the other two share a hall bath. As if all this wasn't enough, there is a large loft area that overlooks the cul-de-sac. This would make a great movie room, playroom, but bring your imagination and make it home! Situated on a cul-de-sac lot with over half an acre, this home checks all the boxes. It is minutes away from grocery stores, restaurants, medical facilities, and the interstate. Call today to schedule a time to visit this beautiful home that is basically new!
