Style

- Traditional

Description

Nestled amidst live oaks and azaleas, this beautiful, custom-built home with deep-water access sits right on the Toogoodoo Creek. Relax and enjoy serene views of the water from your large rear porch. Or make your way down the long dock with 40 foot floater to enjoy an afternoon fishing or lounging on your boat. Minimum 6 foot depth at low tide and only a short distance from the intracoastal waterway and ocean. If tranquil beauty marks the property itself, then historic charm characterizes the home. From the 10 foot ceilings, marble mantle, and plantation shutters to the built-in, custom cabinetry, shelving, and pantry to the bathroom vanities original to Charleston plantation to the elegant medallions, chandeliers, and hardwoods throughout the home, every room is an experience. High-end kitchen appliances include Viking gas range, Sub-Zero Refrigerator, and brand new dishwasher. Main level includes a formal dining area, large kitchen with island, music room with grand piano, living room with cozy fireplace, and primary bedroom with on-suite. Primary bedroom enjoys access to the rear porch and on-suite features dual vanities and a newly tiled shower. Second level includes a laundry room as well as secondary bedrooms and bathroom. The ground level 3-car garage is incredibly spacious and is the perfect spot for an in-home workshop. And the adorable guest cottage, situated toward the front of the property and renovated in 2023, is the perfect place to host guests or extended family. Brand new architectural roof installed on primary dwelling and guest house in December 2024. New gutters March 2025.
