Description

Looking for a charming brick home located close to everything? You found it. This wonderful home is located close to food, shopping, groceries, Charleston Joint Air Base, Charleston International, schools, golf and so much more. This brick home has had a lot of the major items done in recent years and just needs a few touches to make it yours. The roof, HVAC, encapsulated crawl space, some plumbing, windows, and a primary bathroom addition have all been completed in recent years. The seller also just completed renovating the home and we are now back on the market with a new open concept plan with new flooring, new kitchen and appliances, new bathroom, and so much more. The seller also just completed renovating the home and the home is back on the market with a new open concept floor plan. From the crawlspace up, the seller has replaced sub flooring and floor joists. Installed new LVP. The kitchen has been remodeled and includes new appliances, quartz countertops, new cabinets, a beautiful tile backsplash, new lighting, and more. The hall bathroom is absolutely gorgeous and has a tiled walk in shower, new dual vanity (en route) new light fixtures, and new tile flooring. All of the bedrooms have been freshly painted, have new LVP, new ceiling fans, and have beautiful blue doors. The primary bedroom is at the end of the hall and includes a laundry room, large linen closet, private water closet, walk in shower and a large walk in closet that actually has a door out to the backyard oasis. If you enter through the carport you will find a huge sunroom that is heated and cooled with a mini split. The sunroom has windows that can be pulled down and easily converted into a screened porch. Lastly, the backyard is simply amazing. There is a large patio outside the sunroom, perfect for entertaining and all your outdoor grilling equipment. There are also two sheds, perfect for storage or a man cave and a shed. There is a beautiful grand oak providing shade and a covered fire pit area towards the back of the yard. The yard is private and there is a nice buffer between the back of the home and the next subdivision.
