Description

Southern First has made us aware this home may qualify for a Dream Mortgage, which includes zero down and no pmi. Call today to see if you qualify! Centrally located between Downtown Greenville, Powdersville and Easley, this lovely home captures your heart before you even step inside. With a rocking chair front porch and lovely renovations, there is so much to see here! Floors have been upgraded to bamboo throughout along with new paint and renovated bathrooms. The flexibility of this space includes an expansive great room at the back of the home with handsome built ins and a picture perfect fireplace. At the front of the home is a large formal living room for entertaining that could be utilized instead as a 3rd bedroom. The charming kitchen has an attached breakfast area as well as a washer and dryer to easily accomplish chores and activities. In addition to all the convenience on the main floor, there is a finished walk out basement downstairs that could be used for a recreation room, or however you see fit. There is also a kitchen in the basement area that could be redone to make this an extra living space or for entertaining guests. Outside is a workshop that could become your new favorite place...think tinkering galore or potting plants. There is also another building that would be excellent for storage. A fenced in back yard completes the property and is a blank slate for your completion of this entertaining delight or private oasis.
