Description

There are no shortage of features to love in this spacious home situated on a quiet street in Park Circle! Within the almost 2300 square feet, you will find 3 well sized bedrooms, a flex space currently used as an office, large kitchen with ample cabinetry and pantry, separate dining space, and great closet space throughout. In the peaceful backyard you can relax in the screened porch or on the attached deck looking over a turfed back yard with a putting green, an attractive privacy fence and professionally installed landscaping. Additionally, the space in the garage is very convenient for keeping your standards in the front like a golf cart, refrigerator or car while the back portion is separated and can hold toys, law equipment, storage, etc. Aside from all of these features, you can rest easy knowing that both the roof and HVAC system are relatively new. Move right in without a care in the world and enjoy a fun summer in Park Circle taking advantage of the great play spaces, recreational facilities, walkable disc golf course, Riverfront Park and, of course, all the great shops, restaurants, breweries and wine shops just a short walk or bike ride away!
